

## Crime Alert

### Stolen Motor Vehicles: Electric Bicycles and Electric Scooters

In accordance with the [Clery Act](#) and to allow community members to make informed decisions about safety, we are sending this crime alert to our campus community. The Clery Act defines electric bicycles and electric scooters as motor vehicles (self-propelled vehicle that runs on land surface).

UCIPD observed a pattern of thefts during the months of June through August regarding electric bicycles and electric scooters. These vehicles are being taken from bike racks in the residential areas (Arroyo Vista, Campus Village, Palo Verde, Plaza Verde, Verano Place, Vista del Campo, and Vista del Campo Norte). Thefts are also occurring on campus, in front of buildings such as, the Anteater in Mesa Court, Langson Library and the Science Library.

If you have information that could be helpful in these investigations, please contact the UCI Police Department at (949) 824-5223.

Help fight crime by reporting suspicious activity to UCIPD immediately - race, gender, and religious affiliation are not considered suspicious.

### Safety Tips

- Only use designated bike racks. Lock your bike to a permanent, anchored bike rack around campus. Do not lock to small trees, handrails, posts, or chain link fences. For a map of bike rack locations, click [here](#).
- Using two strong locks helps deter bike theft. Use a U-lock to secure the rear wheel and frame to the bike rack. Wrap a cable lock around the front wheel, frame, and bike rack.
- If possible, avoid leaving your electric bicycle or electric scooter outside at night.
- Register your electric bicycles, electric scooters and bicycles with 529 Garage [here](#).

Sincerely,

**Liz Griffin**  
Chief of Police  
[UCI Police Department](#)

UCI Crime Alerts are released by the UCI Police Department when certain crimes are reported on or near UCI property, in compliance with federal law. These Crime Alerts provide information about campus safety situations and allow campus community members to take precautions for personal safety.
